A Clash of Kings transports us into a magnificent, forgotten land of revelry and revenge, wizardry and wartime. It is a tale in which maidens cavort with madmen, brother plots against brother, and the dead rise to walk in the night. Here a princess masquerades as an orphan boy; a knight of the mind prepares a poison for a treacherous sorceress; and wild men descend from the Mountains of the Moon to ravage the countryside.

Arya would have preferred a real horse, but the donkey was better than riding on a wagon.
