Be careful. Every back problem is different. Make sure that YOUR back problem benefits from this book. My initial diagnosis from an experienced Physio was well off the mark and the advice from this book, although I'm sure excellent for some, made things worse. Do research, talk to others, read, read then read some more. Only YOU know the source of your pain, spend time researching YOUR back problem not those of others. Very best of luck in finding your pain-free life again.
